EDUCATION

Bachelor of Software Engineering - Astana IT University, GPA: 3.4

Sep 2024 - May 2027 | Astana, Kazakhstan

WORK EXPERIENCE

Financial Monitoring Agency - Frontend developer

May 2026 - Sep 2026 | Astana, Kazakhstan

- Built a production-ready bilingual (Kazakh/Russian) public-sector SPA in React + TypeScript + Tailwind v4, consolidating financial risk maps, analytics, and citizen complaint submission into one platform
- Passed a formal security audit with zero critical findings by implementing CSP, HSTS, CSRF protection, and a centralized API client with XSS-safe rendering throughout
- Containerized the app with multi-stage Docker + nginx, adding gzip compression, immutable asset caching, and SPA routing fallback for zero-config environment deploys

PROJECTS

Contester - Personal Project

React • TypeScript • Java • SpringBoot • PostgreSQL

- Designed and shipped a full-stack coding contest platform supporting contest creation, problem management, and real-time leaderboards for 100+ university students
- Architected a REST API in Spring Boot backed by PostgreSQL

Telemetry Dashboard | Team Captain

React • TypeScript • NestJS • WebSocket • PostgreSQL • ReCharts

- Led a 4-person team to deliver a real-time locomotive telemetry dashboard for KTZ within 24 hours, implementing WebSocket streaming with EMA/median smoothing for live health-index visualization
- Owned full-stack delivery: data filtering pipeline, health-index scoring, and WebSocket backend in NestJS alongside the React frontend

SKILLS

- **Languages & Frameworks:** JavaScript, TypeScript, Java, Python, React, Next.js, Redux, Node.js, Express.js, NestJS, HTML, CSS, SCSS
- **Databases & Tools:** PostgreSQL, MongoDB, Git, Docker, nginx, CI/CD, Jest, REST API, TailwindCSS, WebSocket, SSE, Machine Learning & Data Science, Leaflet.js
- **Languages:** English(Upper Intermediate, B2), Kazakh(Native), Russian(Fluent)
